Kid's Art from Summer Camp goes on the road!

Over 30 middle school children from surrounding communities attended the 5 week summer camp program for music, art, drama, dance, photography, writing and sculpture. For some children, this was their second year. For most, it was their first in-depth experience at KHAC with enthusiastic teachers in small groups.

A traveling show of their work started in July at the Pleasant Ridge Library, moved to the Speckled Bird Café in Norwood in August and landed at the HD Café on Montgomery Rd. in Silverton this month. Check it out!
